Mike Heck HD Shovel Crew 489-4603 heckmike@hotmail.com

If anyone has any questions concerns or Safety complaints that are not being addressed at the Mine-site, please contact one of the Workers Rep's on the above list, by sending a message to their hotmail address. If you don't feel comfortable leaving your name that's fine, but please explain the safety concern in detail so that the Committee can address the issue with as much information as possible. You can also forward your safety concern to the Union Hall at usw7884@telus.net and we will immediately forward the concern to the OHSC Committee.
